STAT

MEMORANDUM FOR:

[REDACTED]
Deputy Chief, Information Management Support Staff
Office of Logistics

STAT

VIA:

[REDACTED]
Chief, Management Information Systems Group/OIT

STAT

FROM:

[REDACTED]
Acting Chief, Corporate Systems Development Division

SUBJECT:

Technical Evaluation of Management Science America
(MSA)

1. Attached is the technical evaluation report for the six month Commercial Logistical Application System (CLAS) evaluation of Management Science America (MSA) software packages. The evaluation shows that there are no technical reasons for this effort not to continue. The software does utilize IDMS functions and the accounting packages can pass the required data elements to Cullinet's General Ledger software.
